BMCC · 2013 – 2016

Certifications

Financial Modeling & Valuation Analyst (FMVA)

CFI

About Me

Financial analyst with seven years in corporate FP&A. Monitors a \$14.4M annual budget across six business units, cut the budgeting cycle from eleven days to six with a driver-based model, and finds the variance before the review finds it.

Professional Experience

Senior Financial Analyst

Ginyard Infra Ltd. · 04/2021 – Present

- Own monthly MIS and variance analysis for six business units against a \$14.4M budget
- Built a driver-based budget model that cut the annual budgeting cycle from eleven days to six
- Led a vendor cost review that saved \$380k a year across logistics and packaging
- Present the quarterly business review to the CFO; forecast accuracy within 3% for eight quarters

Financial Analyst

Borcelle Consumer Products · 06/2018 – 03/2021

- Prepared product-line P&Ls and pricing scenarios for 40 SKUs
- Automated the weekly sales-flash in Power BI, replacing a two-day manual pack

Achievements

\$380k — annual savings from the vendor cost review

11 → 6 days — budget cycle after the driver-based model
